Here is the big, bright campus where
Everything happens, all of the work that we share.

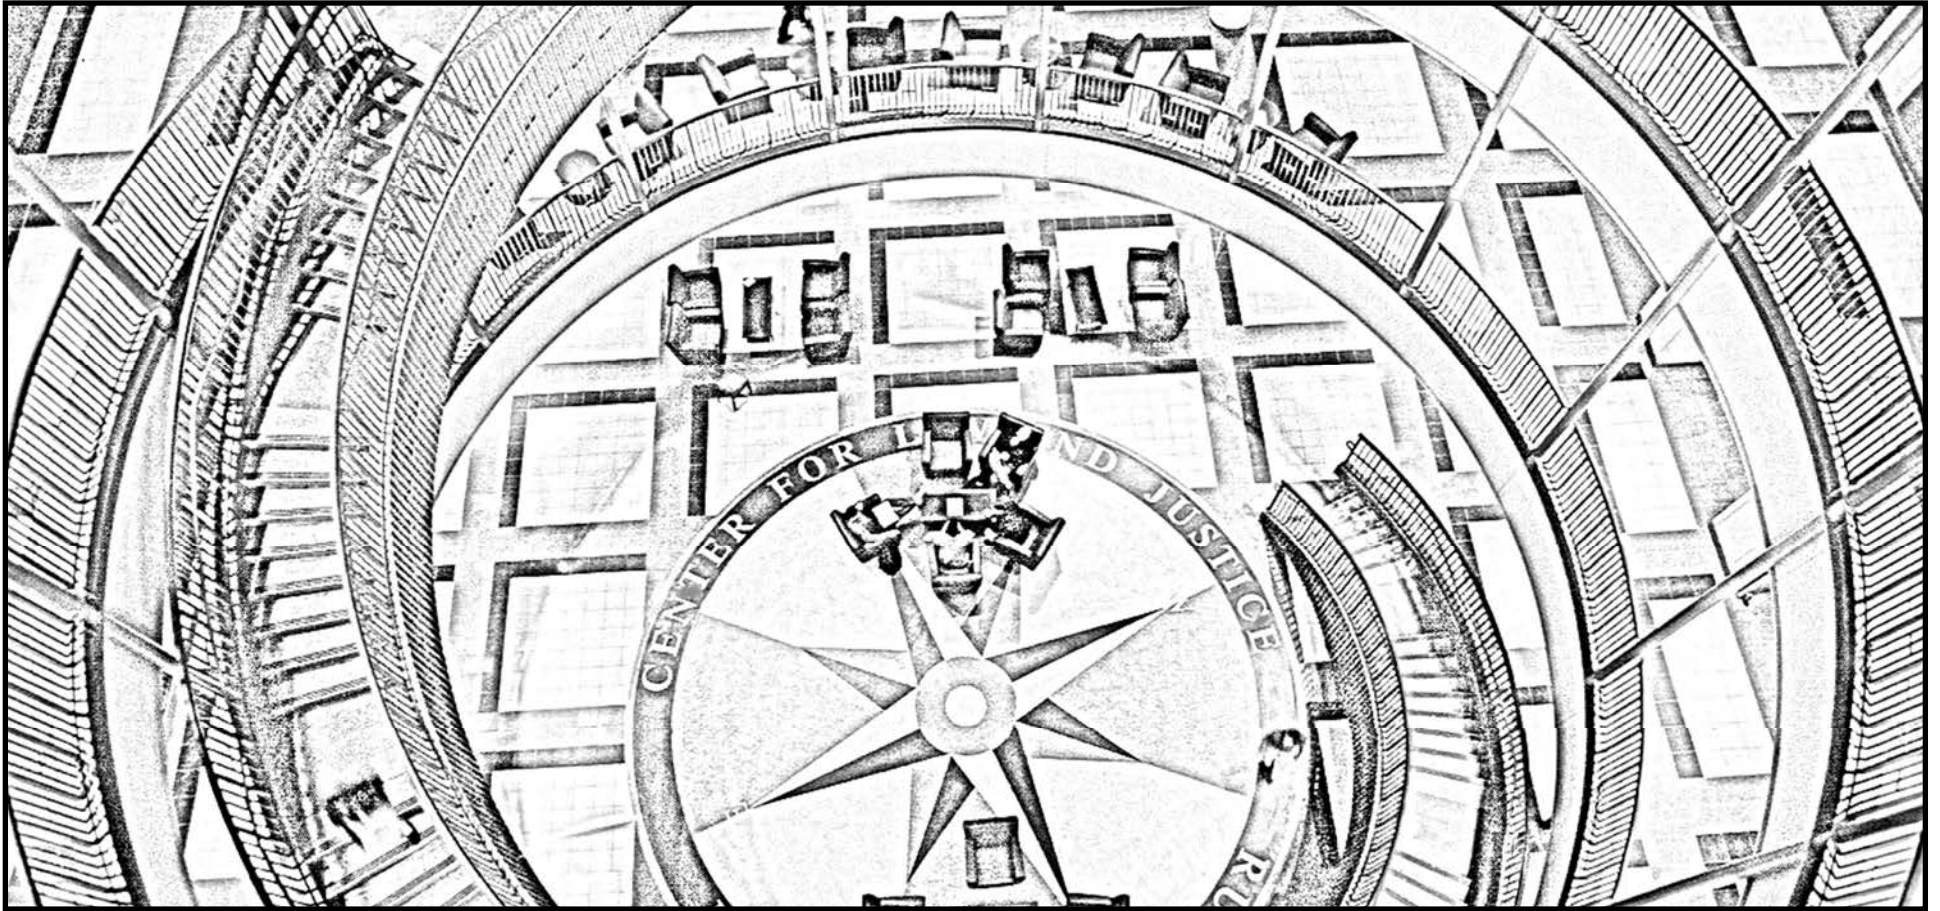

Thank you, advisors for showing students the way.
Thank you, admins and coordinators who keep things running day to day.

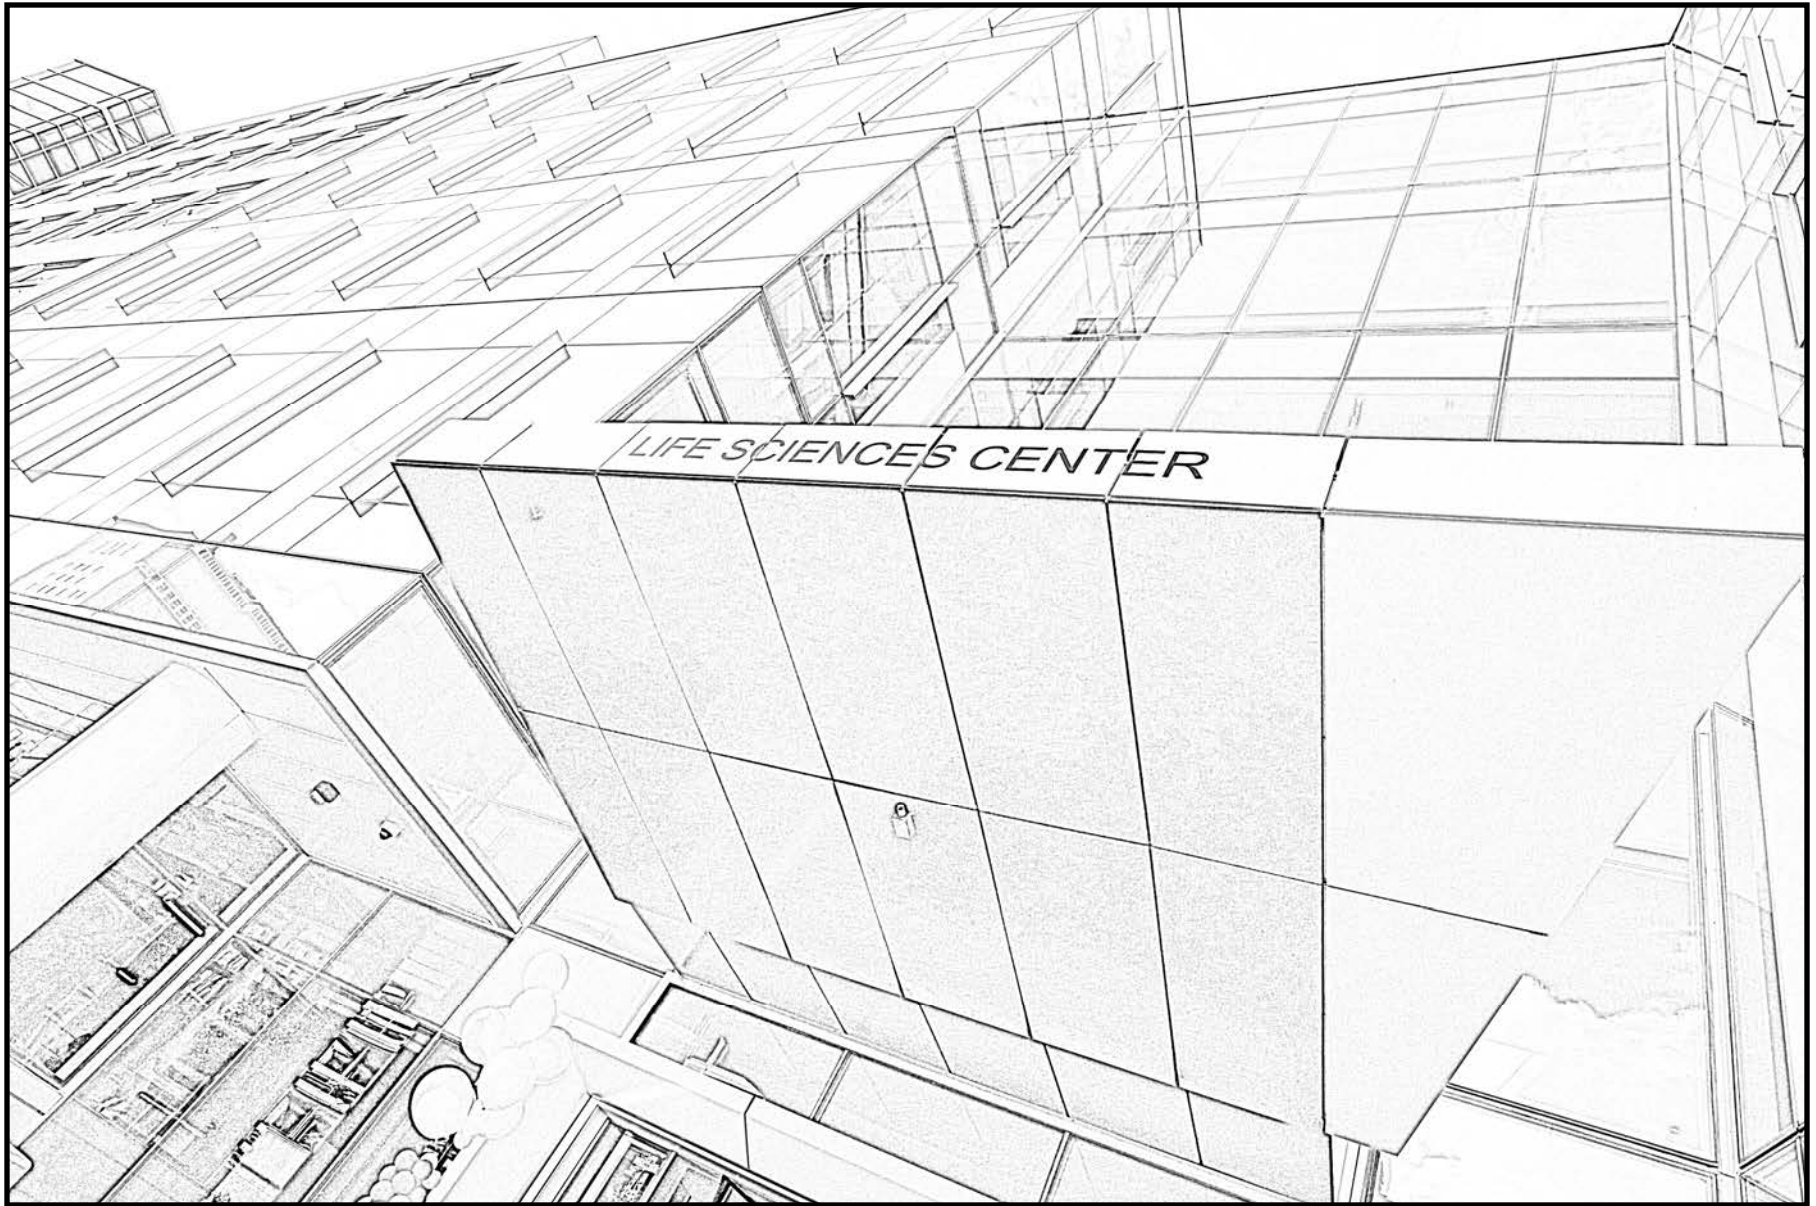

Thank you, tech folks for zapping the bugs
(Especially when we just need to wiggle the plugs).

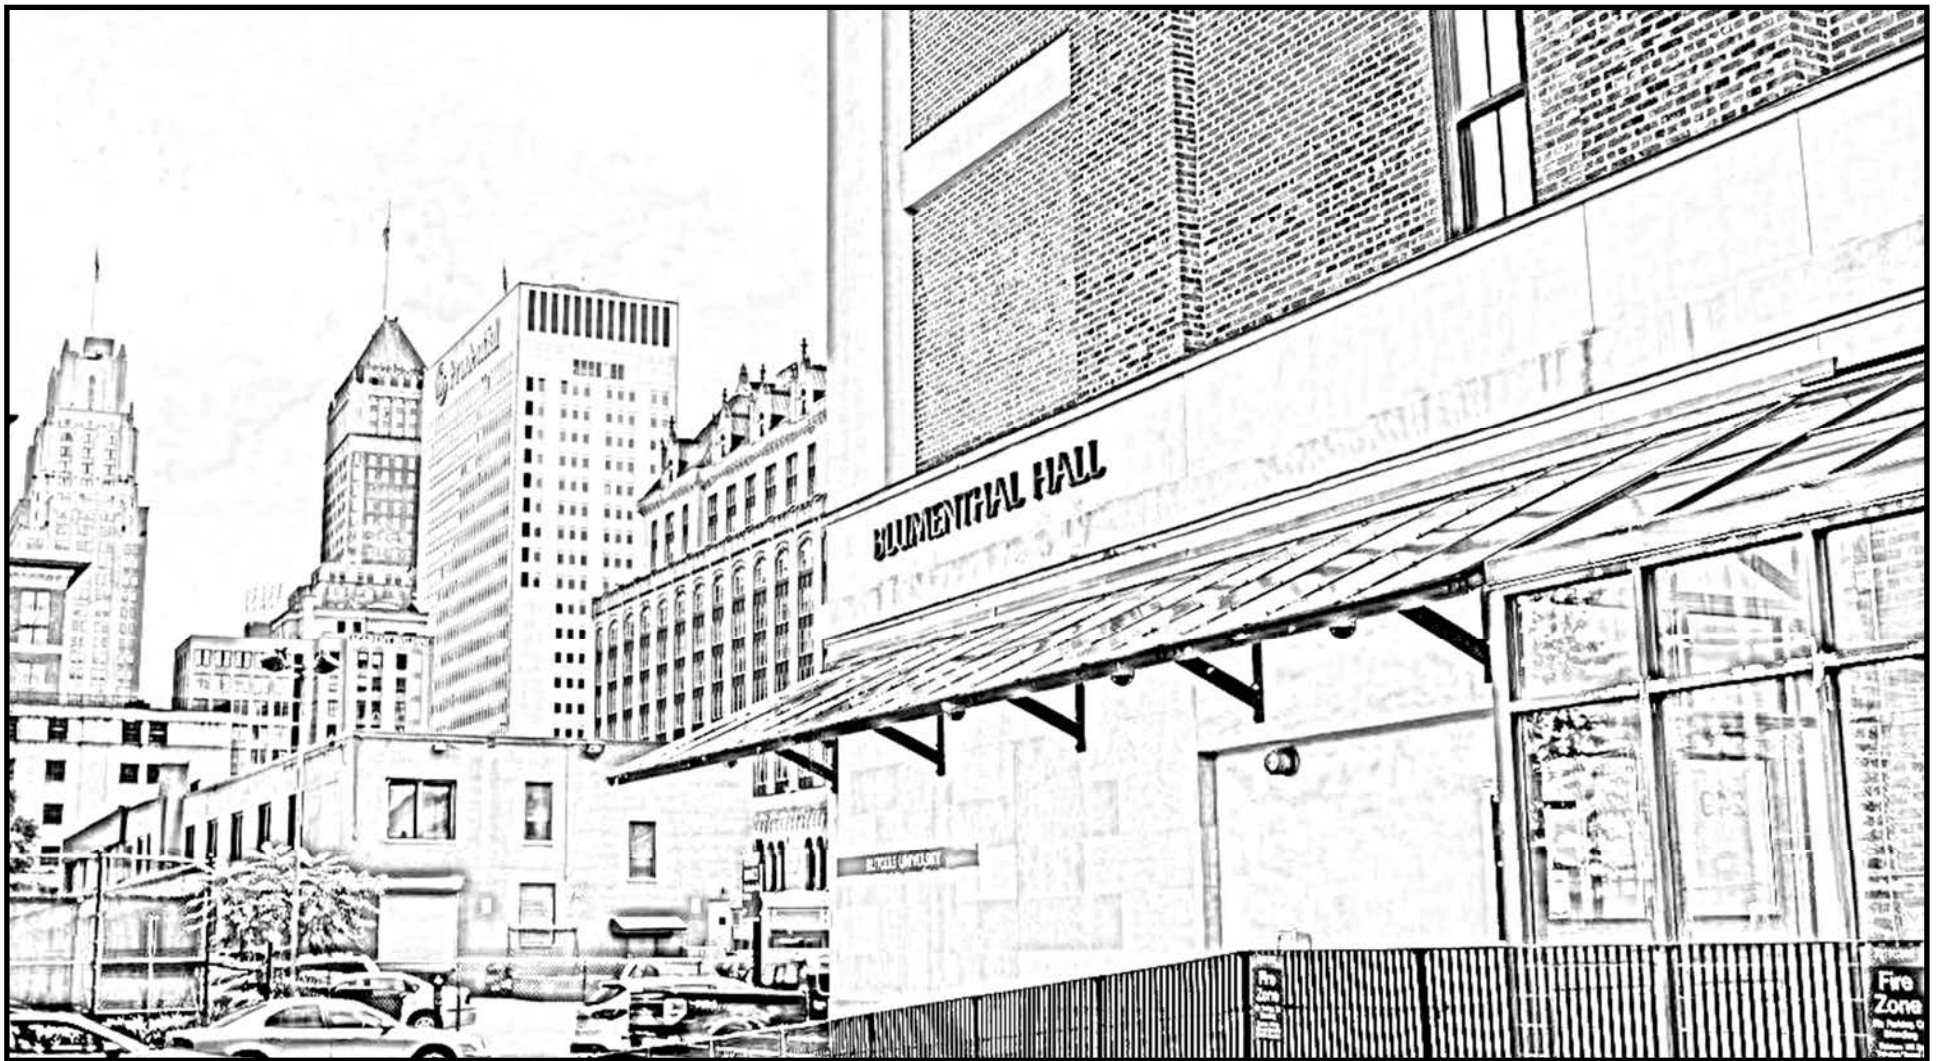

Thanks to Raider for cheering us on

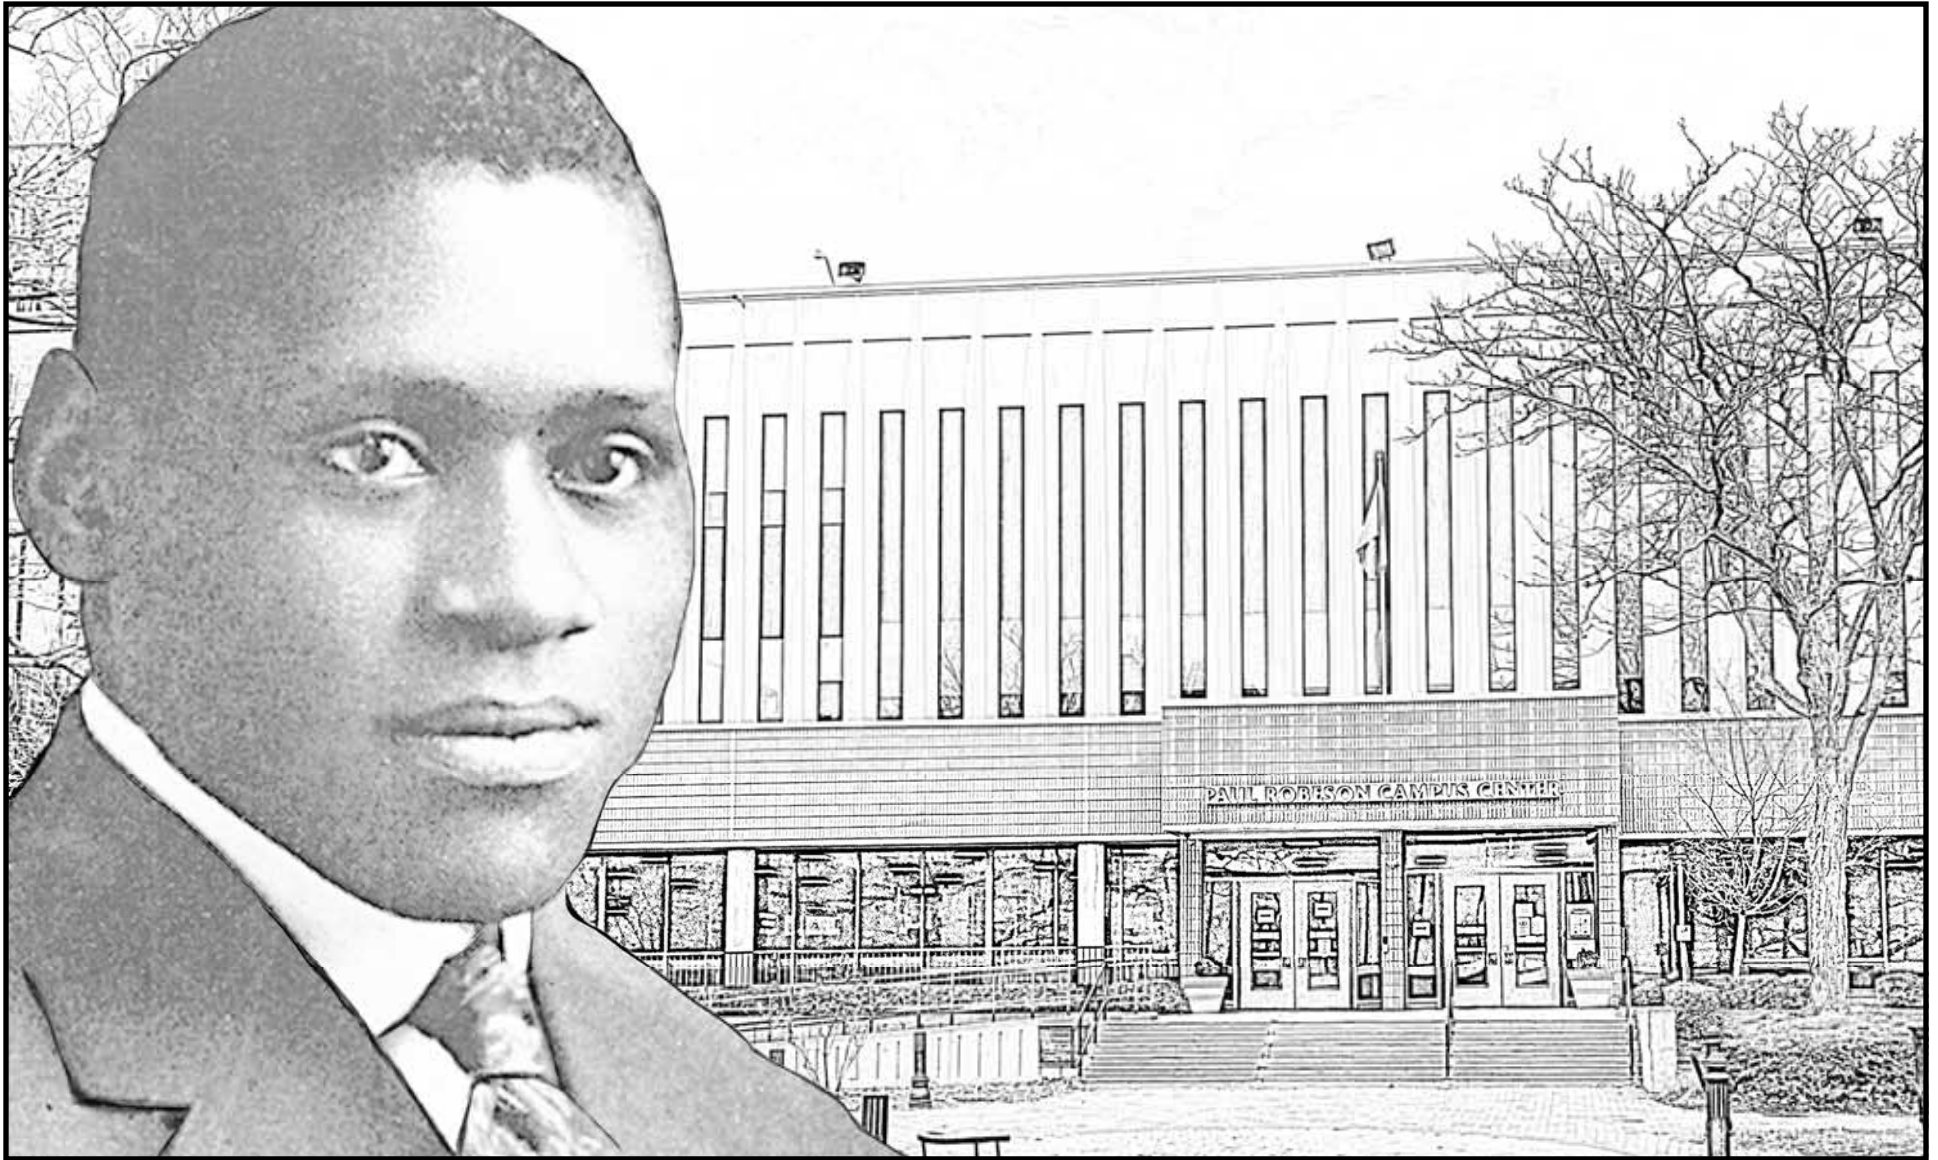

And to our comms teams for touting our feats and keeping our messaging strong.

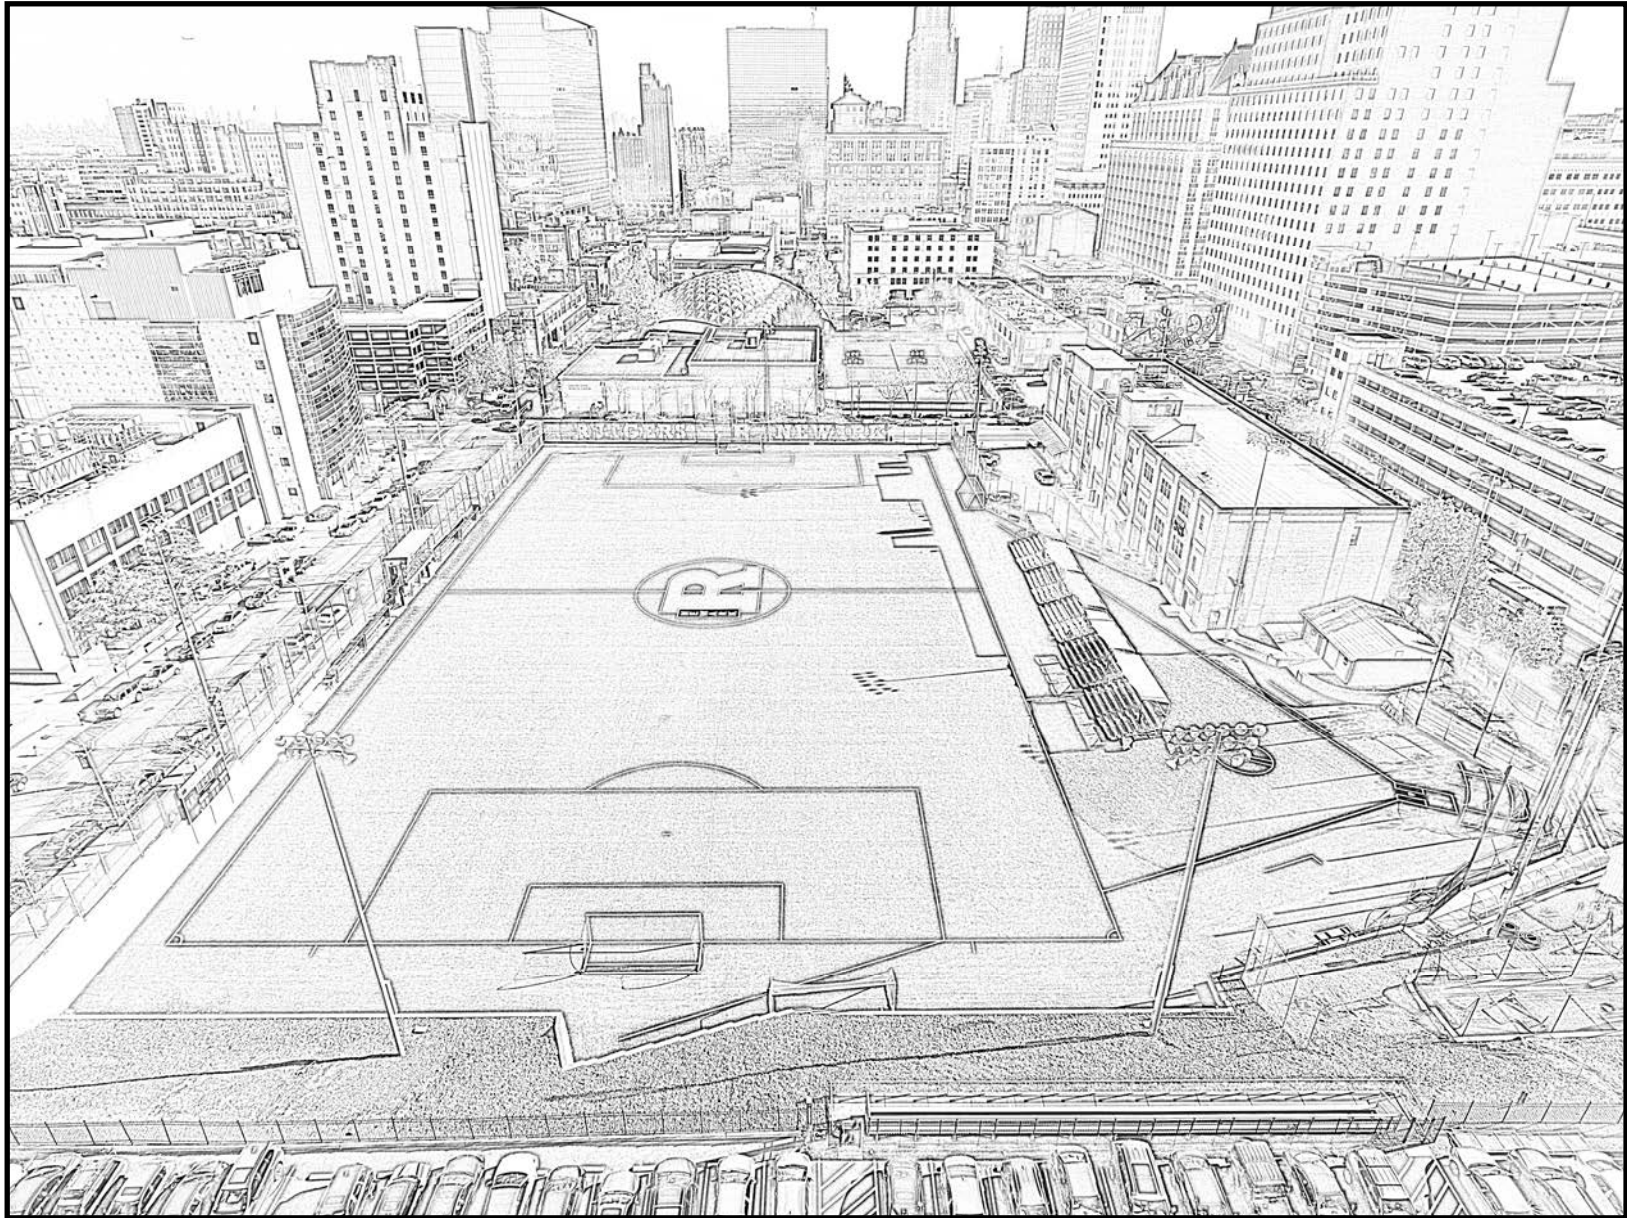

Thanks to the researchers who help us to understand
Ideas and organisms from the small to the grand.

Thank you, finance people for making sure everyone's paid
And, when something goes wrong, coming to our aid.

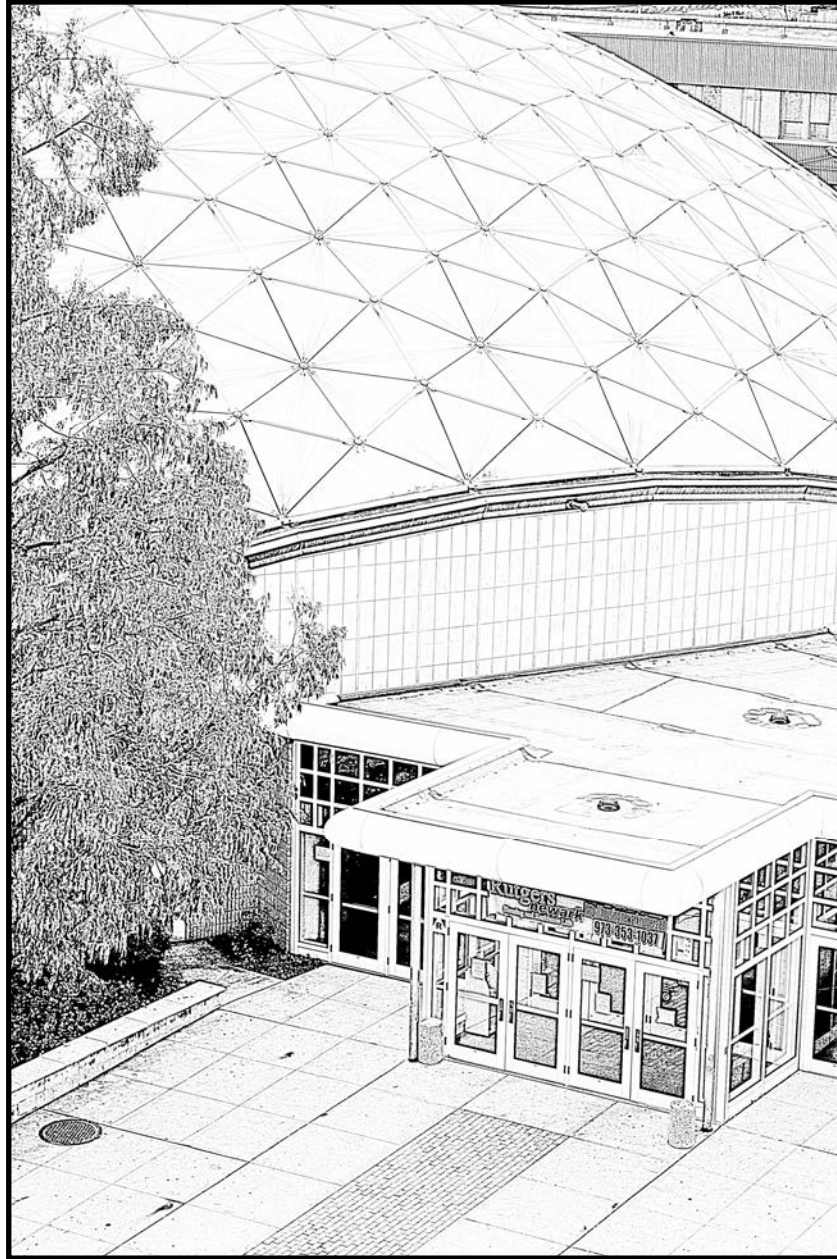

Thanks to the gallerists and schedulers who manage our spaces
So we can learn and discuss and create in these places.

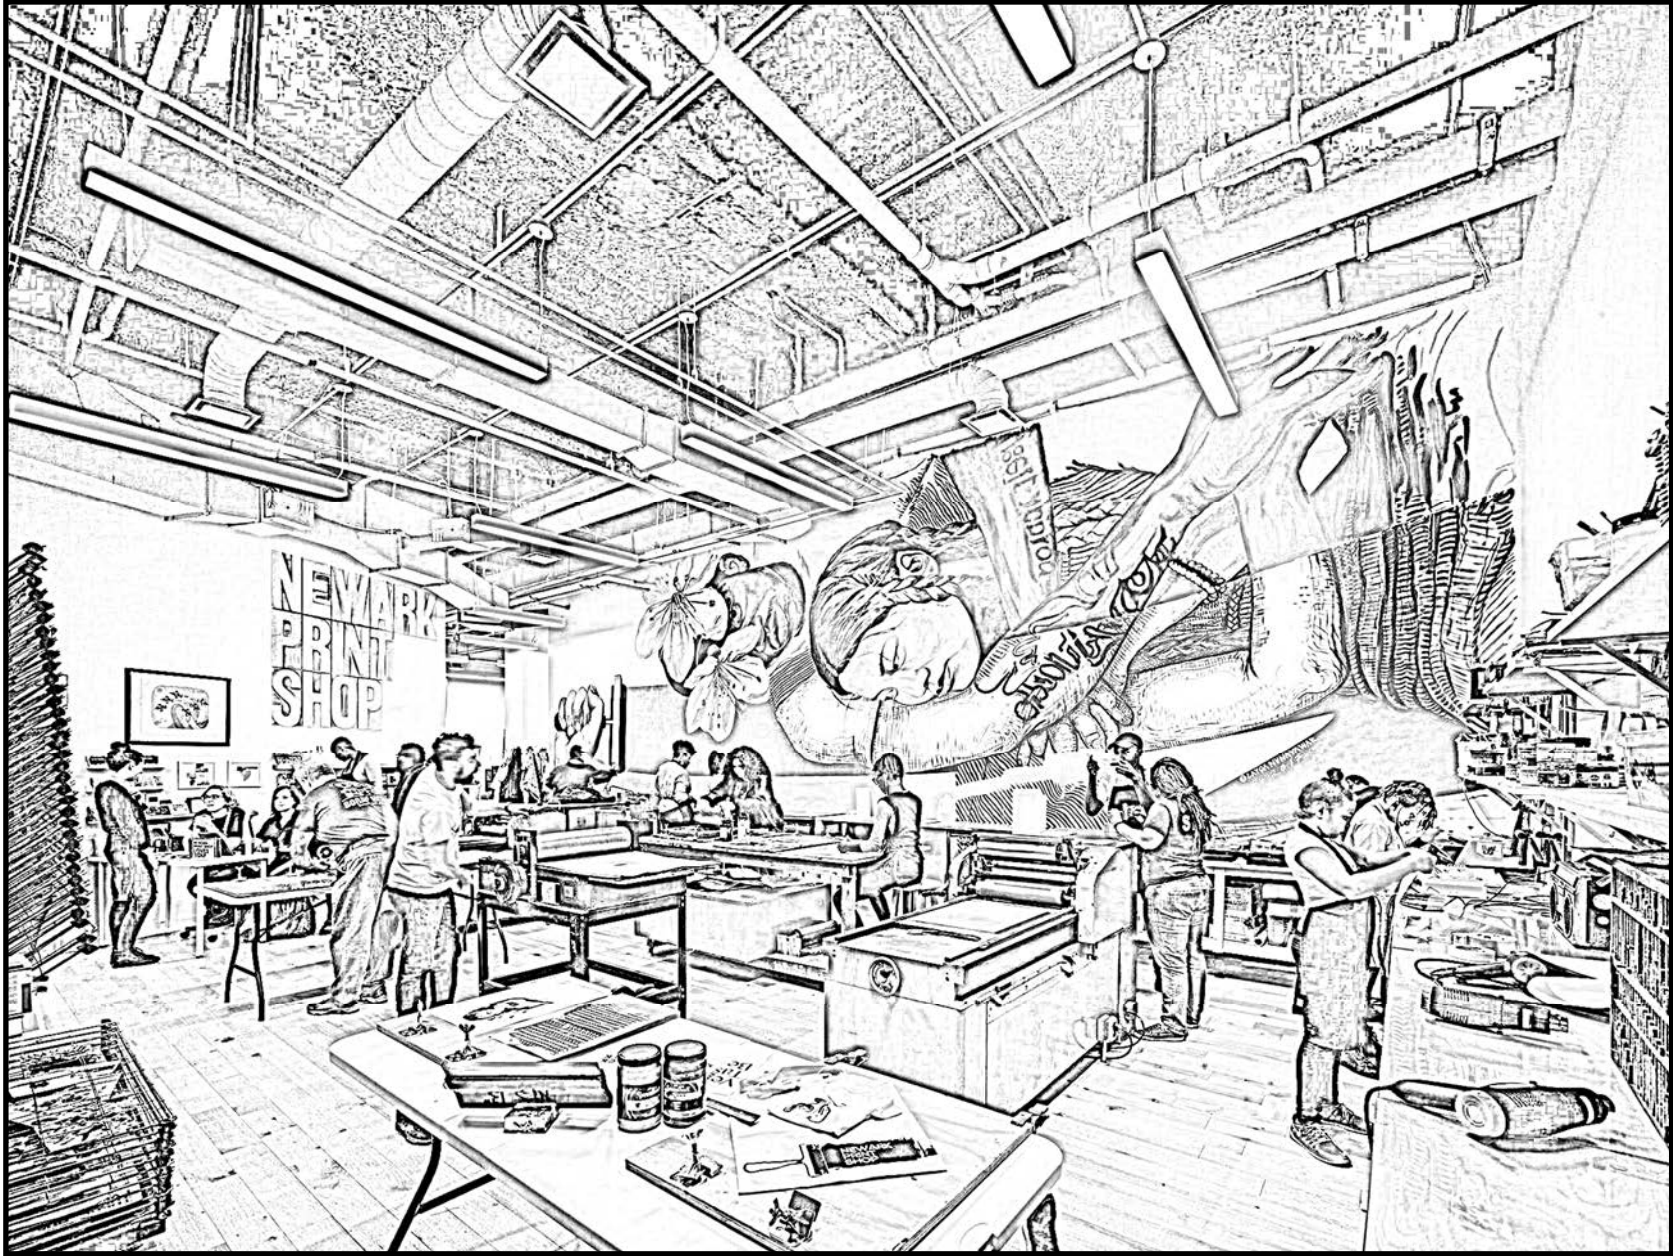

Thanks, Institutional Planning & Operations for keeping our campus pristine;
Your work keeps us safe and the buildings agleam.

Thank you, Admissions for recruiting the best and the brightest.

Thank you, Athletics & Recreation for the workouts and games that excite us.

Thanks to Express Newark, Alumni Relations, and other allies
Cultivating local and global community ties.

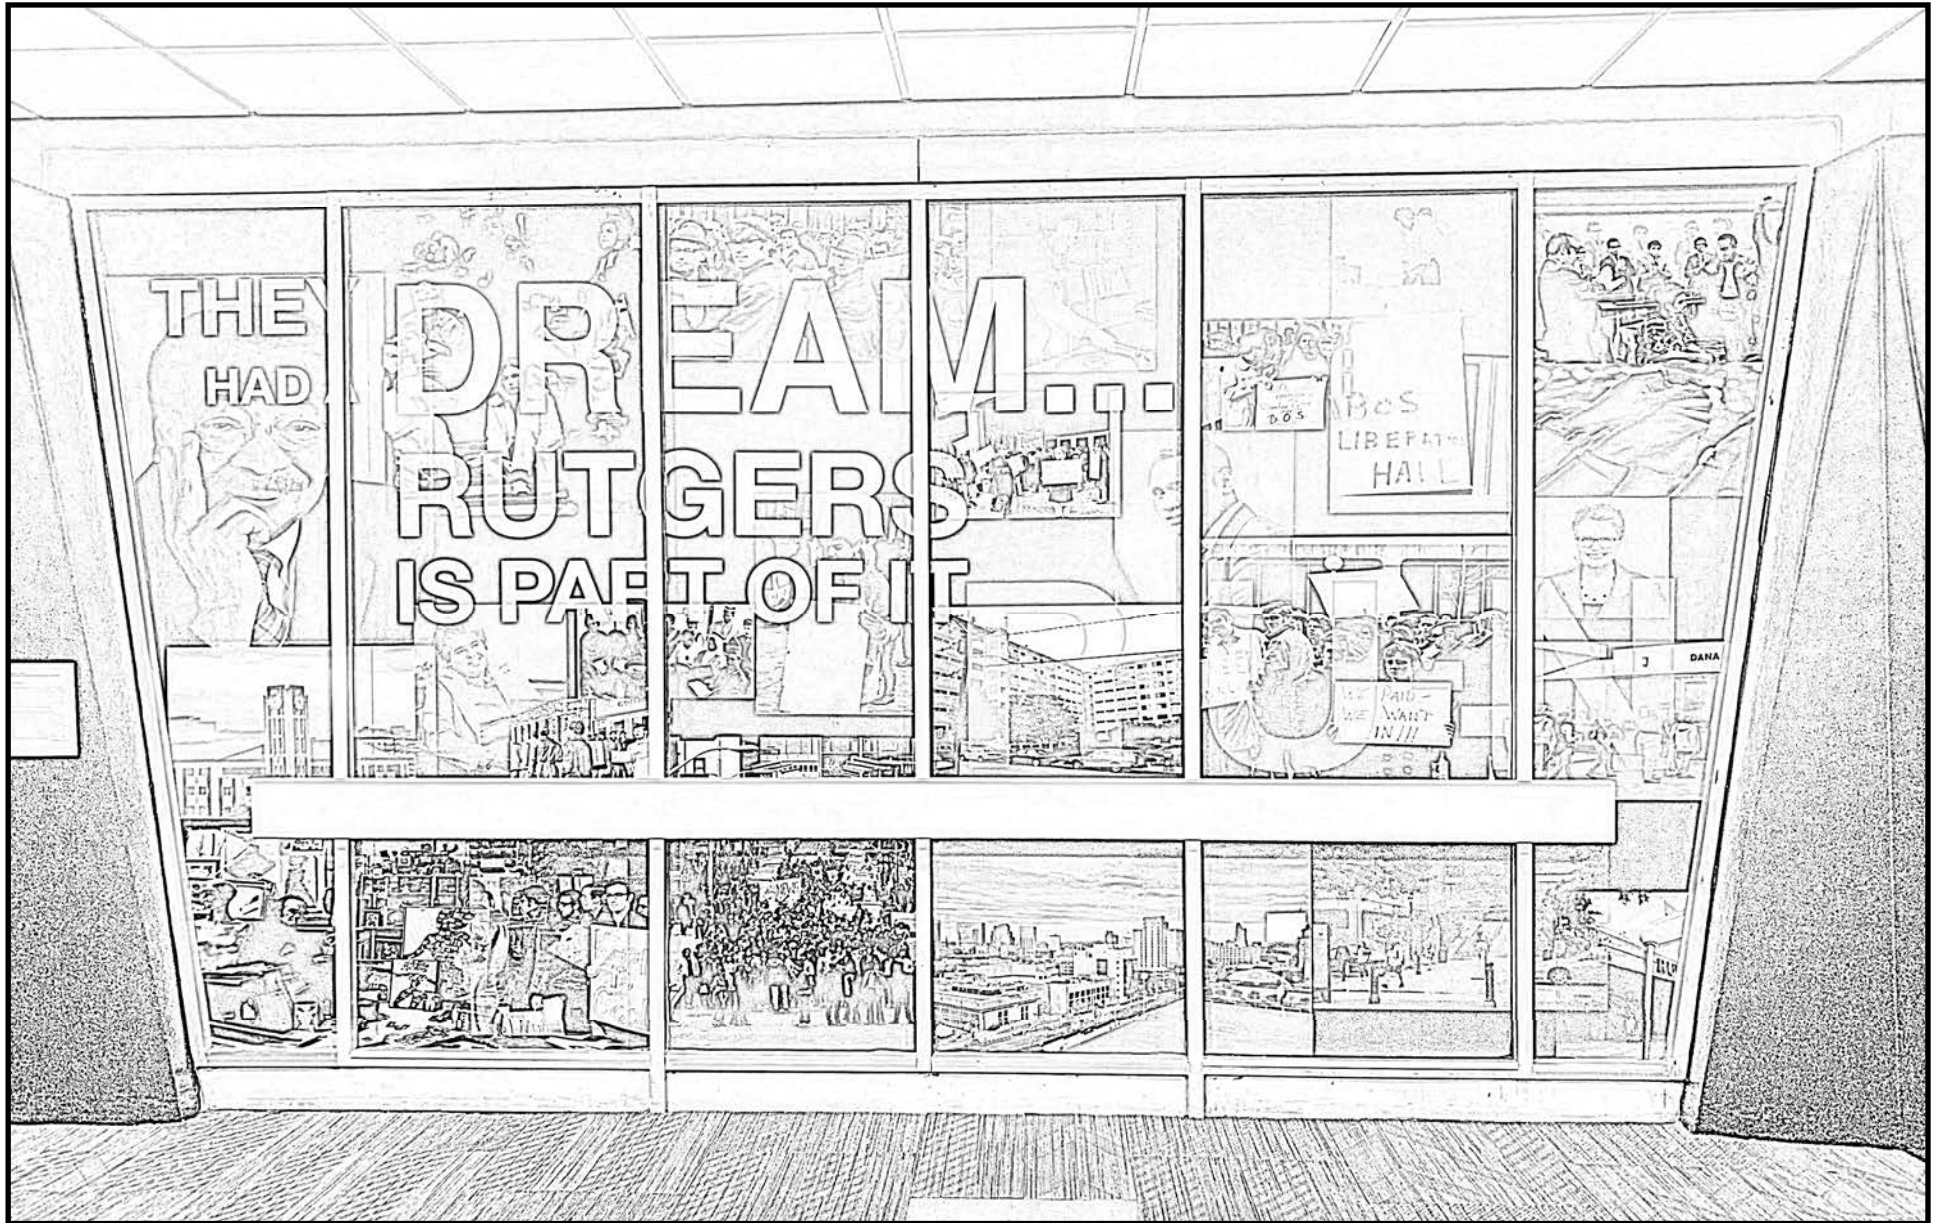

Thank you, Housing & Residence Life for instilling the values at the community's core.

Thank you, Dining Services for keeping us nourished and fed

And library staff for the millions of books and articles catalogued, processed, and read.

And thanks to all those who came before
Enhancing our vision— of that we are sure.

Thank you, everyone who's part of our team.
You make it possible for Rutgers—Newarkers to dream.
