# FLASH PARCS
Monthly BLE Access

OVERVIEW

FLASH PARCS supports a Bluetooth Low Energy (BLE) feature that allows frictionless access for registered monthly parkers. Each entry and exit kiosk are outfitted with a BLE beacon device. FLASH PARCS gives monthly parkers the option to open the gate when within Bluetooth range of the kiosk using the ParkWhiz app.

Note:

The Monthly Parker's mobile number must be added to the monthly account prior to app setup.

INITIAL APP SET UP INSTRUCTIONS

1. Download the ParkWhiz app from the App Store or Google Play Store, once downloaded open the application.

2. The initial app download will require the "**Let's Get Started**" walk-through steps.

    - Allow "ParkWhiz" to use your location? Location services is not required to use the BLE function.

    - Turn on app Notifications. Enabled Notifications is not required to use the BLE function.
ACTIVATE MONTHLY PARKING ACCESS

3.   Tap on the **More** icon (with three horizontal bars) in the bottom right.

4.   Tap **Activate Monthly Parking**.

5.   Tap **Get Monthly Parking**.

8. A popup text message screen will appear.

9. Send the automatically generated code composed in the text message.

10. The system will respond via text message confirming the device has been registered and the app will confirm with a **Success** screen.

11. A phone setting popup message will ask for permission to use Bluetooth. Tap **OK** to allow the app to use the mobile device's Bluetooth.

Note:

Bluetooth **must** be enabled on the device to use the BLE access credential option.

USING THE PARKWHIZ APP

The vehicle should be positioned within arms-length of the kiosk.

1. Open the ParkWhiz app on the mobile device.

2. From the Home tab, use the **Slide to Open Gate** feature to open the gate.

3. The QR code is another access option. The QR code can also be scanned on the kiosk's laser barcode reader to vend the gate.
